Photos & Video:

Major events (monthly dances, balls, dancing in the park) are public events and may be photographed or video recorded. We need images for marketing, and we share video with others because we all benefit from videos to learn dances. We cannot police bystanders but our policy is to announce when and where video will be recorded so you can avoid it if you wish. Be assured that only happy, competent dancers will be posted. If we misjudge that and you wish a posting taken down, just contact Bill Barber. If you strongly object to being on camera, check this box and we will do our best to respect your wishes. **NO CAMERA**
